

CLEARING THE AIR: EXPERT INSIGHTS ON TEEN VAPING

August 23, 2024

12:00 P.M. to 1:30 P.M.

Speaker: Mindee Swanson, DNP, PMHS, APRN

In this comprehensive training webinar on teen vaping, we'll explore the hidden dangers and prevalence of vaping in schools, the health risks and chemical exposure, and the latest screening and treatment options. Learn about the evolution of vaping, why newer vapes are more harmful, and effective strategies for risk reduction and legislative efforts.

Delivered live via Zoom. Cost to attend: \$15. \$20 after August 01. FREE for college students. Includes 1.5 CEUs approved for social work and mental health practice.

This training is approved through NAADAC for 2 LADC CEUs.

Registration is required. Click or scan the QR code to sign up.
