

**UNIVERSITY OF NEBRASKA AT OMAHA
GENERAL EDUCATION COMMITTEE
Minutes – September 13, 2024**

1. Proposal feedback

- Concerns on limit of Double Counting courses, this may be difficult with some majors.
 - Lowering the general education credit hours changes the equation on what needs to double count within the major
 - Additional writing course, most majors have this included in their degree requirements.
- Certain HFA courses may not qualify due to the writing element.
- Student Government feedback/concerns – need a better way to talk about Gen Ed across campus, what is the benefit/relevance to students.

2. Options to include a Senate and Student Government rep as non-voting members of the committee?

- Will be discussed at next meeting.

3. 2024-2025 Gen Ed professional learning community

- Matt has received faculty nominations from colleges, members to be part of community to build coherent, relevant and integrated general education courses.

4. Curriculum transition discussion and timelines

- Have a time-limited exemption system for double counting toward major. Data will need to be collected on courses taken, and how they apply to majors.
- Limited number of prefixes (2) that can apply for Gen Ed in a major. We will need to address the issue of courses that are cross listed.
