What can SAC do differently in the future to improve the likelihood of your participation in one of our events?

N/A. Promotion of events was adequate.

Remove the zoom trainings, stay consistent with the gift cards/discounts and maybe allow us to choose (1) swag item from the bookstore within a certain price. It is so expensive to get anything from there especially clothing. Keep small snacks, such as donuts/coffee or maybe offer a lunch voucher.

All were great

I FEEL GO GOT THE WORD OUT, HOWEVER I DID MISS OUT ON A FREE COFFEE AS YOU REQUIRED A VOUCHER TO BE PRESENTED, NO ONE WAS AROUND BY THE TIME I WAS ABLE TO LEAVE MY OFFICE. I THINK AN EMAIL REQUEST WOULD'VE BEEN A BETTER WAY TO ENSURE EVERYONE COULD REAP THAT BENEFIT.

Instruct supervisors to encourage staff members to attend. The flyers posted above water bottle stations needed to be in a bigger font to be readable.

The events were pretty low-stakes this year. I am not going to walk across campus for popcorn or a cup of coffee. Please bring back the appreciation lunch where staff can have an actual meal and mingle/catch up in the ballroom.

Please notify colleges/ offices of the dates sooner so we can plan accordingly.

Consider availability for all staff in regard to locations and hours worked for part-time hours

Maybe list what the food is going to be for the events.

More events held on Scott Campus. In this peak advising time, it was impossible to get away long enough to attend.

This was a great week! Thanks for everything!

I appreciate that you offered so many locations for each activity. I could have participated in more if there were more time options at each location. (i.e. morning and afternoon)

More advanced notice.

For me it was just bad timing - everything was happening during a very busy week when we are short staffed, so I just couldn't get away for most events. They seemed really great though and I wish I could have gone to everything.

Earlier communication and invitations

keep the diversity of times, communication, and types of events

Staff Advisory Council | 2024 Staff Appreciation Week Feedback

Maybe flyers around campus

Scheduling events farther out is really helpful for offices like mine that operate using student appointments. This fell during a really busy academic advising season, so appointments were already scheduled during some of the events.

More freebies! anything fun or food/drink related

I think everything was great, I just wasn't able to participate because of time.

Do you have any additional feedback you would like to share regarding Staff Appreciation Week 2024?

Do you have any additional feedback you would like to share regarding Staff Appreciation Week 2024?

AGAIN IF YOU ARE GOING TO REQUIRE SOME KIND OF VOUCHER, THEN THEY SHOULD BE EMAILED SO THAT THE OFFER IS AT A PERSONS CONVENIENCE FOR ATTENDING

The food at the breakfast was borderline inedible.

A larger bag of popcorn.

Breakfast had a good variety, but the food was not hot (or even warm.)

Thanks for all your work for this week! It was great!

I really appreciate all the work that goes into all of the events. I would have participated in more if they had been offered at more times. But thank you for making us feel appreciated!

I enjoyed being able to pick and choose events throughout the week to participate in. I did miss the opportunity to connect with colleagues that I don't normally see (as previously able to do at the picnic). I appreciated the attempt at additional ways to engage staff members with families. With more advanced planning, I think the trunk or treat could really take off (even if not paired with SAC/SAW).

Thank you for your hard work!

My kids and I LOVED the trunk or treat. It surprised me that there was more than just the cars with candy. My kids loved the dogs, snacks, and activities. Great job! I wish there was more family friendly events like this throughout the year. I can attend without needing to find a sitter since it is geared toward them. :)

Thank you for including events on both campuses! It felt good to be included.

Thank you for coordinating this! I felt very appreciated!

We loved the trunk or treat!

Overall it was a huge success and I'm grateful for the appreciation given!

I'm not a sports fan and don't have others who are, so I didn't have a use for sport tickets. I don't drink coffee, so the coffee fuel-up didn't apply. If there is suppose to be popcorn both days offered, plan accordingly to have enough. I received popcorn on Monday, but was told on Wednesday that 'to make sure there is enough, if I got popcorn on Monday, I could only take a can of pop.' I'm indifferent about the Starbucks coupon because I don't drink coffee. The coupon could have been used on other items, but I didn't like that the coupon could only be used within a short time frame. I would have gone to the Trunk or Treat, but there was another Halloween event that same date/time.

Staff Advisory Council | 2024 Staff Appreciation Week Feedback

The staff breakfast was great, but I would like to see more items in the future.

I heard a few complaints that the food at the breakfast was cold which is disappointing as many people do not want cold food especially pancakes.

I love the idea of staff appreciation events, and I hope these continue! Really helps boost morale. Would love to see this happen more than once a year. While the activities were appreciated and I know budget is always an issue, would love to see more events/activities, versus freebies/discounts. For example, UNMC hosts a quarterly employee appreciation day with things like line dancing, popcorn machine, donut truck, brownie truck, carnival games and prizes, etc. While I imagine they have a much higher budget for this, would be nice if maybe some of those kinds of ideas/events could be incorporated at some point, if budget ever allows. Would love more chances to get together with other staff and have fun.

Thank you for doing this for our campus! It's needed and the effort did not go unnoticed.

The coupons that could only be used that day or week were really inconvenient, especially because it created huge lines. It would be nice if we had through the end of the month to use it. I ended up giving my away since I wasn't going to have an opportunity to use it.

Thankyou for hosting this event! A huge success!
